

2019-2021 AHRMNY STRATEGIC MAP

Online at www.ahrmny.com

MISSION: Advancing the delivery of safe and highly reliable healthcare through the development of healthcare and health related risk management.

VISION: To be the New York leader in healthcare risk management and patient safety.

DEVELOPMENT

AHRMNY will support the development of knowledge, expertise and leadership in healthcare risk management and Patient Safety

- Offer educational events that increase awareness, knowledge and expertise in Healthcare Enterprise Risk Management and patient safety.
- Provide forums that promote the exchange of ideas and methodologies that focus on delivery of safe and reliable healthcare services
- Increase the number of CPHRM members through hosting/promoting CPHRM prep courses
- Promote networking and mentoring within the healthcare risk management profession

VOICE

AHRMNY will be an influential voice to advocate for healthcare risk management and patient safety

- Advocate for policies & practices that improve patient outcomes and encourage viability and accessibility of our healthcare system
- Promote sound risk management and patient safety practice through our AHRMNY journal, *The Risk Management Journal*
- Collaborate with other influential organizations that align with and advance the AHRMNY mission and vision
- Broaden the role and value of the risk manager among the executive leadership team

INFORMATION

AHRMNY members are recognized as thought leaders in the healthcare risk management and patient safety community

- Promote AHRMNY through public relations outreach to broaden awareness of the organizational mission and initiatives
- Expand our membership base outside of the New York Metropolitan area
- Enhance AHRMNY website for greater virtual presence
- Offer members access to archived educational events and presentations throughout website
