
DOUGLAS J. BORG, MHA, ARM, CPHRM, DFASHRM

Doug joined Premier Insurance Management Services in 2017, and currently serves as the Vice President, Risk & Quality. In this role, he is responsible for overseeing the clinical risk, quality and patient safety services offered to clients across the country. Prior to taking on that role, he was the Senior Director, Claims and Quality Operations. he is responsible for the management of general and professional liability claims at the excess level, provides customized risk management consulting services for AEIX members, and leads internal improvement projects.

Prior to joining Premier, Doug was the Assistant VP, Risk Management for Duke University Health System, where he managed the day-to-day operations of the system's captive insurance company including both risk financing and loss control activities. He holds a BS in Biology from Eastern Mennonite University, and earned his Master's in Health Administration from the Medical College of Virginia (VCU). With broad experience in the fields of insurance, claims and risk management, and more than 30 years serving the healthcare field, he has presented nationally on various topics, serves as faculty for several industry courses, and has contributed to a number of publications, including a chapter in the fifth edition of ASHRM's Risk Management Handbook. He has a history of leadership in the field of healthcare risk management, serving on boards and committees at both the state and national level. He has been twice-elected president of the North Carolina Chapter of ASHRM, and served as the President of the American Society for Healthcare Risk Management (ASHRM), in 2008.
