CPHRM Exam Prep Course

The Association for Healthcare Risk Management of New York, Inc. (AHRMNY) is pleased to announce that we will host a CPHRM exam prep course in 2020.

What is CPHRM?

CPHRM stands for Certified Professional in Healthcare Risk Management.

The designation is conferred by the American Hospital Association Certification Center (AHA-CC), a division of the American Hospital Association (AHA), to formally recognize healthcare risk management professionals who exhibit broad-based knowledge of the field and a commitment to continued professional growth. Risk management professionals are evaluated using a peer-reviewed examination tool and then, upon receiving the CPHRM designation, are required to periodically renew the designation by providing proof of continuing education.

The prep course is designed to help prepare eligible risk management professionals take the exam. The course is designed to help participants focus on content areas that may require a more in-depth review, as well as identify familiar content areas of the [CPHRM Exam detail in the CPHRM Candidate Handbook and Application](#)

The CPHRM Exam launches new changes, effective Jan. 2, 2020 and our chapter's prep course will incorporate these new changes.
