

Rosemarie is the Senior Director of Risk Management and Quality Assurance at CareMount Medical, P.C. a 500 physician multispecialty group formerly known as Mount Kisco Medical Group. In addition to implementing the medical group's first risk management program she is responsible for all lines of insurance coverage and oversight of the day to day activity of the group's risk retention group. Rosemarie earned a Master of Science in Jurisprudence degree from Seton Hall School of Law and also holds a Bachelor of Science degree in nursing with a clinical background in pediatrics and adult critical care. Prior to her joining CareMount in 2008, she managed medical malpractice claims for commercial carriers and then for fifteen years at UMDNJ in the Risk & Claims Management Department. Rosemarie earned her Certified Professional in Healthcare Risk Management designation in March 2013.
